- ▶ Asset Recovery PA is registered with both the State of PA and as well as many PA Counties
- ▶ Countless numbers of individuals, heirs, non-profits and corporations have already received funds through our expertise

## Why Asset Recovery PA

- ▶ Asset Recovery PA works with the state and counties to locate their lost account owners
- ▶ Asset Recovery PA has a team of estate and genealogical experts who perform research to find you
- ▶ We assign you a dedicated specialist to work with you through the multiple steps of the recovery process

## What We Do

- ▶ Asset Recovery PA simplifies and expedites a complex process
- ▶ There is no risk or upfront cost - Asset Recovery PA's fee is only applied if the funds are successfully returned to you
- ▶ We are the experts

Businesses and residents abandon more than \$1 billion of property annually, and state governments are currently holding more than \$41 billion in unclaimed funds, most money remitted to the states is never returned to the rightful owner.

Recovering abandoned accounts is our strength as our team has more than thirteen years of experience working with rightful owners in this highly specialized industry. We assist in the recovery of assets that have been abandoned to the state and counties and have helped countless numbers of rightful owners collect millions of dollars they otherwise wouldn't have received.

Every member of our team - from research to account specialists and recovery experts - is passionate about finding people with abandoned assets that are rightfully theirs. As experts, we walk you through what can be a complex process, with personalized attention along the way. We get results because we've fostered a customer-driven culture. Asset Recovery PA's years of experience helping rightful owners results in an efficient, expedited approach.
